Locket #98N-1038

I support current labeling of irradiated food. I do not feel like "Radura" is enough information. I prefer something like "treated by irradiation". The current logo is not sufficient because people are not well enough informed. Although irradiation kills many harmful microorganisms, I feel it is a way to sell consumers less than fresh products. I want to know exactly what I am buying.

98N 1038

Thank you Sincerely, C3038
Willamie

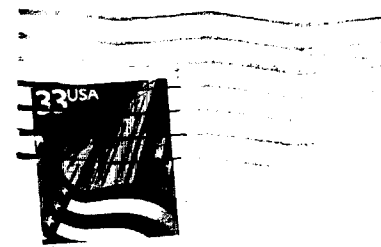

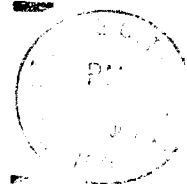

Canyonlands National Park is located in southeastern Utah. The island in the sky section overlooks the Green and Colorado Rivers, popular with rafters, kayakers and fisherman. Willamarie Huelskamp, a Utah painter, works outdoors on location. Her paintings exude the energy and vibrancy of the moment.
